EXPERIENCE

3 REASONS TO START YOUR JOURNEY WITH NEFF

01

In-Factory Staging

Before your custom design arrives at your home, we've tested out the construction process in our state-of-the-art staging facilities. Once assembled, it undergoes our rigorous Staging Certification Report to rectify any errors before it even arrives.

02

Delivery & Install

We deliver our products wrapped in crates to avoid all possibility of damages during shipment. Once it arrives on-site, our trained team of professionals streamlines the process from start to finish, having built your custom design already once before in our staging facilities.

03

Rapid Service

Unlike other manufacturers, if there are any last-minute modifications needed on-site, your order is rushed to the front of the queue at our facilities. We'll quickly take care of any imperfections in order to get it back in pristine condition while installers are still on-site.
